

[Smart IR Remote AnyMote 2.2.0 APK Is Here! \[Lastest\]](#)

A screenshot of an anatomy application interface. On the left is a dark sidebar menu with options: Herb (with a dropdown arrow), Edit Profile, Add User, a stats section (Weight: 130.0, Body Fat: N/A, BMI: 21.0), Muscles (with a dropdown arrow), By Model, By List, Exercises, Workouts, Progress & Stats, and More. The main area shows a 3D anatomical model of a human shoulder with the Deltoid - Clavicular Part highlighted in orange. A tooltip above the muscle reads "Deltoid - Clavicular Part (Left)". Below the model are three tabs: Primary (selected), Secondary, and Stretches. Under the Primary tab, a section titled "Exercises for Deltoid - Clavicular Part" contains six exercise thumbnails: Arnold Press, Barbell Jerk, Balance, Barbell Jerk, Split, Dumbbell Clean (Power), Dumbbell Clean, Hang, and Dumbbell Jerk. On the right side of the main area, there are two icons: a plus sign with a pencil and a minus sign with a pencil.
